graciously enjoyed. On this fine morning, Sonic and
his tutelage, Tails, take time to themselves. Together

THIS JUST IN!

THE WAITING IS ALMOST OVER!

In two weeks, you will read a comic that has it all! The Freedom Fighters travel into Robotropolis to assess the amount of damage done to their former city of Mobotropolis.

But what kind of surprises await them? Are they friendly or deadly? And what does Snively think of all this? You don't think he's just going to let them stroll in, do you? Also, BIG Sonic news revealed in this issue, so don't miss it!!! Story and art by Ken Penders! **SONIC SUPER SPECIAL #2: "Brave New World"** on sale Sept. '97.

...And next month, two stories for the price of one! As the Freedom Fighters handle recent events, Knuckles and

Julie-Su come to town. For what purpose? Read and see for yourself. Written and Inked by Ken Penders. Pencils by Art Mawhinney. So you thought Robotnik being gone would be the end of The Freedom Fighters' problems? Not when you have people like Warlord Kodos and the 'supposed' creator of the Zone of Silence, wizard extraordinaire Ixis Naugus, vying for control! Story by Karl Bollers with art by Sam Maxwell and Pam Eklund. **SONIC THE HEDGEHOG #53** on sale Sept. '97.

Due to an oversight, last issue ran without the credits, so here they are.

Dear Sonic- Grams,

I absolutely loved the return of Mobie The Cave-Bear in SONIC #45. I think Spaz did a great job on the cover. Mobie looks great. Sonic was pretty slick trying to give the Guerrilla Gorillas their own weaponry. As for KNUCKLES: THE DARK LEGION mini-series, I can't wait to see how it turns out. I am a big fan of both Knuckles and Sonic, equally. Gotta juice!

Spaz thanks you for your comments on his artwork. He aims to please. I got a kick working with Mobie again (even though I can't understand a word he's saying). I'm sure the Gorillas and Mobie can live in peace in the Mobian Jungle. Knuckles on the other hand (or fist), is going through a lot of stuff in his book. He'll be taking a break and making a special visit in my book next issue.

Dear Sonic & Knuckles,

Salutations from your #1 fan! I hate to bother you, but I have a few questions: 1) Why do you hate each other so much? 2) If Sally's a chipmunk, why is her father a fox? 3) Where did Archimedes come from? 4) What happened to your dad? Say "Hi" to Tails for my friend Katy the Fox (she thinks he's cute).

Streaks Echidna

Salutations right back at 'cha. Believe me, questions are not a bother (Antoine's foot odor is): 1) Knuckles and I don't hate each other, we just kind of never saw eye to eye and we annoyed each other for it. But, after sticking by my side in issue #50, I think he's a righteous dude. 2) Who said Sally's father, King Acorn was a fox? King Acorn is a squirrel and Sally's mom is a chipmunk, which makes Sally a little of both, I guess. 3&4) Check out Knuckles' own series for the answer to those questions.

Dear Sonic,

Yo, what's up? Just thought I'd write in and say "Hi" to everyone. I started my subscription last August. In SONIC #46, Antoine said he thought St. John was the spy. I agree with him. I have some questions: 1) Why do you hate Knuckles? He's one of the good guys, too, you know. I like him as much as I like you. 2) Why did you start that fight in SUPER SONIC VS. HYPER KNUCKLES Special #1? 3) Are there any gem stones more powerful than the Chaos Emeralds? Keep up the good work!

Welcome aboard the Sonic Express. We love welcoming new readers all the time (even if it was last August), so on to your questions: 1) Why does everyone think I hate Knuckles? I know we started on the wrong foot and got into a few scraps but I don't hate The Rad Red. I'll make sure everyone knows it one day. 2) Well, I thought he was going to strike a deal with Robotnik like he did when we first met. He was tricked by Robotnik to fight us so I should have known he wasn't teaming with him again. Chalk one up to experience. 3) I don't know of anything more powerful on Mobius than a Chaos Emerald.

Dear Sonic,

Hey, cool-blue hedgehog! Robotnik's still up to no good? It figures. If you looked like him, you wouldn't exactly want to be a good guy! Anyway, I loved SONIC #46! It was almost as cool as you (and Tails) are! I liked Lupe and The Wolfpack Freedom Fighters. I appreciate Bunnie and Dulcy making an appearance but I'd really like to see Amy Rose again. Question time: 1) Will there be a Bunnie mini-series? 2) Are you going to show other Freedom Fighters? 3) Are you going to reprint SONIC #3 & #25? See ya in those comics, compadre! Kendra "Krazy Kat" Kountz (Age 11)
Kilexo

You're right. Looking like Robotnik would drive me to do bad. Rest assured, never will yours truly ever sprout an orange mustache. It would hurt my style of blueness. Anyway, answer time: 1) No Bunnie mini-series scheduled for the near future. 2) Yes. 3) No plans on reprinting SONIC #25, but you're in luck for SONIC #3, as well as SONIC #0, SONIC #4, and SONIC #13 in a special we're calling "SONIC THE HEDGEHOG: FIRSTS!" This special bookshelf edition will showcase the first appearances of Sonic and The Freedom Fighters (#0), Bunnie Rabbot (#3), Super Sonic (#4) and everyone's favorite guardian, Knuckles The Echidna (#13). Look for it in local shops by the end of September. More about this next month.
